

Grow More® Hawaiian Bud & Bloom Food
5-50-17 Water Soluble Concentrate
For All Types of Flowering Shrubs and Plants

Special formula for all flowering, fruiting, and colored foliage plants: Anthuriums, Bird of Paradise, Bougainvilleas, Flowering Vines, Lilikoi, Ginger, Hydrangeas, Mums, Plumeria, Tomatoes, Impatiens, Annuals, Perennials, and Bulbs.

Hawaiian Bud & Bloom is highly recommended as a starter and transplant solution. Feeds through leaves and roots. Contains NO Urea which may tend to burn roots. Contains chelated micronutrients.

Suggested Application Information

Use hose-end feeder, sprinkling can or siphon injector system.

Foliar Spray: Dissolve 1 TBSP per gallon of water. Apply as full coverage spray to wet leaves. If ground is dry, water thoroughly before feeding. Apply every two weeks or monthly during growing season as needed.

Soil Drench: Dissolve 1 TBSP per gallon of water. Apply to base of plant under drip zone of leaves.

Siphon System: Injector ratio 1:15, mix 4 oz. of Hawaiian Bud & Bloom per gallon of solution concentrate.

Hose-End Feeder: Use feeder that has been designated for water-soluble fertilizer. Feed with criss-cross sweeping patterns.

CAUTION: DO NOT INJECT OR INHALE. KEEP AWAY FROM CHILDREN AND PETS. FOLLOW LABEL INSTRUCTIONS AND USE CARE WHEN HANDLING ALL FERTILIZER PRODUCTS. STORE IN COOL DRY PLACE.

WARNING: Application of fertilizing materials containing Molybdenum may result in foliage crops containing levels of Molybdenum which are toxic to ruminant animals.
